FROM THE DESK...

Summer is such a special season for kids; the joy of running outside, hanging out with friends, road trips and ice cream trucks.

We want to add to this special season by sharing the Good News to these boys and girls. Plans are being put in place to have 5-Day Club all over the province so that we can take kids on an **Intergalactic Voyage – Discovering God’s Greatness!**

Please be in prayer with us as we look to individuals and churches to host and teach clubs. The plan will be to provide the 5-Day Club kit and training so that churches are able to conduct the clubs in their own neighbourhoods.

GET INVOLVED...

Prayer is our priority. Meaning we don’t undertake anything without first praying.

This year we continue to pray for more labourers to join our team. As Luke 10:2 states, “the harvest is plentiful”, and for more kids in BC to hear about Jesus we need folks to join our team.

We would like to add to our team – both staff and volunteers. Would you consider how you might be involved this year?

SPECIAL PRAYER...

1. **Getting ready for the summer takes a lot of work. Pray for the team as they put all the pieces together.**
2. **Pray for open doors and for CREW members to be able to reach kids across BC.**
3. **We are looking for a great team to teach clubs this summer.**

“The Lord merely spoke, and the heavens were created.”

Psalm 33:6

5-DAY CLUB...

The 5-Day Club program is our way of partnering with local people and churches to reach community kids during the weeks of summer. We are looking forward to having a tremendous season teaching kids and equipping others to teach kids about trusting Jesus.

With many communities around BC having little outreach to the local children, we would like to get the 5-Day Club program to all corners of our province. And see as many kids as possible in club!

A church that joined us for clubs last summer said, "I see the subject line says "Christmas", but it's actually our recent Easter program I am writing about! We did use the CEF King's Crown materials, and had **28 children** attend. This included, once again, many of the unchurched children who attended our VBS last year, so we are very encouraged to have been able to follow up these ones in particular."

Please join us in prayer for this congregation and the kids who will be attending a 5-Day Club this summer.

Thank you for being co-labourers with us as you give, pray, and volunteer.

We are all in this together since one part cannot function without the other.

A STEM STORY...

8 year old Alex is a special needs boy with very high energy. He can't talk and is slowly learning to read. He is eager to be in the middle of anything that looks exciting, and we have watch him very carefully with certain equipment. With his short attention span he flits from one activity to another. He gets really excited when he accomplishes something and we cheer for him. His second year he tried several times to talk when he was excited.

This year he's actually said a few words and even wanted to read a verse when Wendy was teaching the memory verse. I couldn't hear what he was trying to say as Wendy was helping him with the verse. He listens during the lesson doing many kinds of movements. He loves coming and working with the STEM equipment. We pray for him to understand how much God loves him.
