Because of you...

Fall has arrived this week, and you can feel it in the air. I'm getting ready to head out of town to assist a group getting ready for ministry and I can feel something else as I get ready to travel this weekend. Anticipation. Anticipation for the season ahead. At this time of year, as the kids are off to school, our club programs get back underway.

As you know, STEM Club! will run from this fall until spring. Kids through BC will hear about God, who created not only the universe but them as well. They will hear how He can be part of their life, and how they can live for Him.

Clubs won't be the only thing happening this fall. There are conferences (see "Raised to Reach, page 2), planning meetings for summer 2027, national gatherings, and community events. We also plan on adding to our team (Help Wanted!, page 1).

Leaders said...

"These clubs made a difference in building community and stronger relationships between volunteers and with the kids."

"Community kids who had never been to the church before came every day! It was fantastic to have them in club and to know that they were hearing all about Jesus!"

"I never tire of hearing the voices of the children as they arrive in the morning for club. They are so excited to be there to hear the stories and sing the songs. It is always a blessing to be part of this ministry."

Help Wanted!

We are looking to add to our team! We need...**Ministry Associates!**

This role is designed to grow relationships with existing churches and individuals, assist in the launching of new programs, and the development of volunteers.

We need to share the life changing message of Jesus across our province. Is there a way that you can be a part of what is happening?

If you would like to join our team, please reach out to Andrew for more information.

STEM Club!

With the weather turning and kids back to school, we are excited as STEM Club! kicks off this month. We appreciate our church partners and I look forward to sharing their stories with you as the year goes on.

We are happy to announce another STEM Club! is kicking off this fall in Ucluelet. Let's continue to pray for the kids as they have an opportunity to discover who God is each week.

Please join us in prayer as we present the opportunity of STEM Club! to other churches. Pray that they would be as excited as we are, to reach community kids with the Gospel.

Upcoming Events:

"Raised to Reach" Kid's Ministry Conference

October 24, Fraser Lands Church in Vancouver

Join us for a day of training, encouragement, and connection as we spend the day focused on reaching the next generation for Christ.

Check out our website at www.cefbc.com for more information or to register for the conference.

Christmas on the Peninsula

November 21, White Rock Community Centre

Join us for this community event as we kick off the holiday season and share the true reason for the season with the children.
